HISTORY/FACTS/ISSUES:

On December 26, 2007 Sumter County Transit became recertified to be a Commercial Driver License Third Party Trainer and Tester. The Amendment 1 to the agreement simply states the only change to the contract will be that testing to be counted toward issuance of a CDL cannot take place on the same day as any applicable training we might provide or make available. This will help ensure the tested applicants have retained what they have learned from at least the previous day.
